

Programme / program

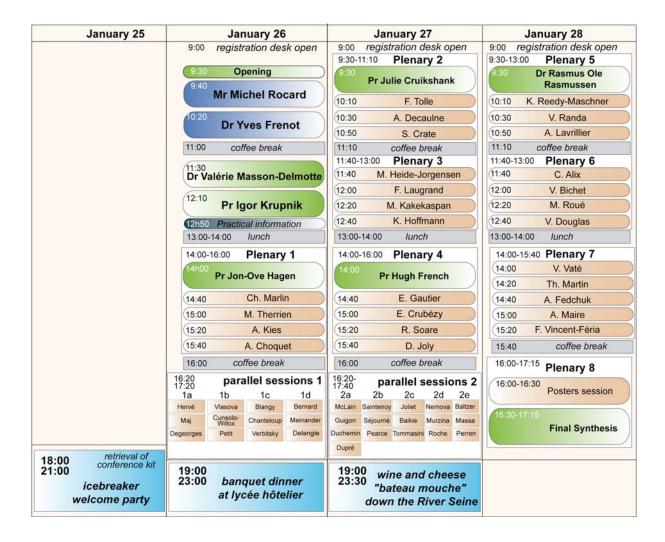

Programme court

Short Program

Programme détaillé / detailed program

Conférence Internationale Mondes polaires / International Conference Polar Worlds
Paris 25-28 janvier 2011 / Paris January 25-28

25 janvier / January 25

18:00-21:00

accueil soirée brise-glace / Icebreaker welcome party

offerte par l'Ambassade du Canada / offered by the Embassy of Canada.

Ouverte à tous les participants dûment inscrits. L'adresse sera communiquée sur l'invitation requise pour accéder à la réception.

Open to all registered participants. Address to be given on the invitation required to enter the party.

26 janvier / January 26

9:00 accueil / opening of the premise

9:30 Ouverture / opening : Madeleine Griselin, Béatrice Collignon, Florian Tolle

9:40 Mr Michel ROCARD

ancien Premier ministre de la France, Ambassadeur de France pour les pôles

Allocution d'ouverture / Opening speech

10:20 **Dr Yves FRENOT**

directeur de recherche CNRS, directeur de l'Institut polaire français, IPEV, Brest, France

The French Polar Institute, a support agency for scientific research in polar regions of both hemispheres

11:00 Pause café / coffee break

11:30 Dr Valérie MASSON-DELMOTTE

paléoclimatologue, directeur de recherches au Laboratoire des Sciences du Climat et de l'Environnement (CEA-CNRS-UVSQ/IPSL, Gif-sur-Yvette), France

Past, present and future polar climate change: facts and challenges

12:10 Pr Igor KRUPNIK

Arctic Studies Center, Conservateur des collections ethnologiques arctiques et nordiques, Smithsonian National Museum of Natural History, Washington DC, Etats-Unis; Membre du Joint Committee de l'Année Polaire Internationale 2007-2008

Crossing boundaries: what did we learn in IPY 2007-2008 and who learnt it?

12:50 Informations pratiques / Practical Information

13:00-14:00 déjeuner sur le lieu de la conférence / lunch on the conference site

14:00 16:00 - Séance plénière 1 / Plenary 1

Glaciers, climat et sociétés : les mondes polaires à l'épreuve des changements / Glaciers, climate and societies: polar worlds under changes

(modérateur Thierry BROSSARD, CNRS France)

14:00 conférencier invité / guest speaker : Pr Jon-Ove HAGEN

glaciologist, Department of geosciences, University of Oslo, Norway

Arctic glaciers and their contribution to global sea level

14:40 Climate recent evolution observed in Svalbard (air temperature and precipitation): a focus on the last 40 years in Ny Alesund (79°N)

Christelle MARLIN¹ and Madeleine GRISELIN²

¹ UMR IDES université Paris Sud Orsay, France,

² CNRS, UMR ThéMA, université de Franche-Comté, Besançon, France)

15:00 Bridging communication between Inuit communities and scientists. Lexical innovation in Nunavut (Arctic Canada): terminology related to climate change

Michèle THERRIEN, CERLOM, INALCO, Paris, France

15:20 Multiparameter studies in meltwater of Werenskioldbreen (Svalbard); hints for supercooling

Antoine KIES¹, J. JANIA², O. HENGESCH¹, A. NAWROT³, Z. TOSHEVA¹, M. GRABIEC²

¹Laboratoire Physique des Radiations (LPR), University of Luxembourg, Luxembourg

² Faculty of Earth Sciences, University of Silesia, Poland

³ Institute of Geoecology and Geoinformation, Adam Mickiewicz University, Poland

15:40 L'extension du plateau continental en Arctique et en Antarctique

Anne CHOOUET

Chargée de cours à l'UBO, expert juridique aux réunions des Etats parties consultatives au Traité sur l'Antarctique

16:00-16:20 Pause café / / coffee break

16:20 - 17:20 - Sessions parallèles 1 / Parallel sessions 1

1a - Pouvoirs autochtones / Indigenous peoples taking control

(modérateur Alexandra LAVRILLIER, GSRL, CNRS, Paris, France)

16:20 Respecter l'autorité des aînés ou celle du patron ? Les dynamiques locales du pouvoir chez les Inuit de l'Arctique canadien / Respecting the elders or respecting the boss?

Dynamics of power in Canadian Inuit

Caroline HERVÉ

PhD student, Centre de recherches historiques, EHESS, Paris / Cerlom-INALCO Paris / Centre interuniversitaire d'études et de recherches autochtones, Université Laval

16:40 Transitions culturelles, sociales et politiques dans une région « nationale » en arctique iakoute / Fédération russe – République Sakha (Iakoutie) –

Cultural, social and politic transitions in a "National" region in Yakut Arctic / Russian Federation – Republic of Sakha (Yakutia)

Émilie MAJ

Centre for landscape and culture, Université de Tallinn Estonie

17:10 The challenges of Greenland: adaptation to climate change, natural resources and selfgovernance

Damien DEGEORGES

PhD-candidate in Political Science (University of Paris Descartes)

1b - Bien-être autochtone / Indigenous well-being

(Modérateur Virginie VATÉ, GSRL UMR 8582, CNRS, Paris, France)

16:20 Revealing Interactions between Human Capital, Quality of Life and Environmental Changes within Socially-oriented Observations: Lessons from the IPY PPS Arctic Project in the Russian North

Tatiana VLASOVA¹, Annika HOFGAARD², Sergey VOLKOV³

¹ Institute of Geography RAS, Moscow, Russia

² Norwegian Institute for Nature Research, Trondheim, Norway

³ Institute of Agricultural Economy, Russian Academy of Agricultural Sciences

16:40 Changing Climate, Changing Health, Changing Stories: Using Digital Storytelling for Climate-Health Research in Rigolet, Nunatsiavut, Canada

Ashlee CUNSOLO WILLOX¹, Sherilee HARPER², Victoria EDGE², and the Rigolet Inuit Community Government³, presenté par / presented by Liane LANGSTAFF¹

¹ School of Environmental Design & Rural Development, University of Guelph, Guelph, Ontario, Canada, N1G 2W1

² Department of Population Medicine, Ontario Veterinary College, University of Guelph, Guelph, Ontario, Canada, N1G 2W1

³ Rigolet, Nunatsiavut, NL, Canada, A0P 1P0

17:00 A new ritual instituted to display and share Inuit "Traditional Knowledge": the midwinter celebration of the Return of the Sun in the Eastern Canadian Arctic (Nunavut)

Céline PETIT

Groupe Sociétés, Religions, Laïcités (UMR 8582, CNRS/EPHE), France

1c - Tourisme polaire : possibilités et difficultés / Polar tourism: possibilities and difficulties

(Modérateur Véronique ANTOMARCHI, CERLOM, INALCO, Paris, France)

16:20 ECOTRAD: Aboriginal Ecotourism in the Arctic: a collaborative research project between the caribou Inuit and the Saami reindeer herders

S. BLANGY 1, V. AVAALA2, and B.M. LABBA3

¹Ottawa and Montpellier III University, ²Baker Lake, Nunavut, ³ Övre Soppero, Sweden

16:40 L'animal sauvage dans l'Arctique canadien : Enjeux de l'exploitation d'une ressource / Issues concerning wildlife as a touristic resource in Nunavut

Elaine CHANTELOUP

PhD student, Laboratoire Edytem, Pôle Montagne, Campus scientifique Technolac, Le Bourget du lac. France

17:00 Antarctica and Tourism: The Need for Change

Jane VERBITSKY

Senior Lecturer, Department of Social Sciences, AUT University, Auckland, New Zealand

1d - Neige, glace et eau: observation, quantification, spatialisation / Snow, ice and water: observation, quantification, spatialisation

(Modérateur François COSTARD, UMR IDES université Paris Sud Orsay, France)

16:30 Acquisition et traitements automatiques d'images numériques haute résolution de glaciers polaires / Automated high resolution digital image acquisition and processing applied to polar glaciers

Eric BERNARD¹, J.-M FRIEDT², G. MARTIN², L. MOREAU³, D. LAFFLY⁴,

S. CHRETIEN⁵, Pr Ch. MARLIN⁶, Dr M. GRISELIN¹

¹ UMR ThéMA, CNRS et université de Franche-Comté, Besançon, France

² UMR FEMTO-ST, CNRS et université de Franche-Comté, Besançon, France

³ UMR EDYTEM, CNRS et université de Chambéry, France

⁴ UMR GEODE, CNRS et université de Toulouse-le-Mirail, France

⁵ Département de mathématiques, CNRS et université de Franche Comté, Besançon, France

⁶ UMR IDES, CNRS et université de Paris-Sud, Orsay, France

16:50 About UV Albedo of Polar Snow

O. MEINANDER¹, S. KAZADZIS², A. AROLA³, K. LAKKALA⁴, A. LINDFORS¹, A. HEIKKILÄ¹, R. KIVI⁴, A. KONTU⁴, H. SUOKANERVA⁴, V. AALTONEN¹, E. KYRÖ⁴, T. MANNINEN¹, S. WUTTKE⁵, G. SECKMEYER⁶, J.L. ROUJEAN⁷, O. HAUTECOEUR⁷

¹ Finnish Meteorological Institute, P.O.Box 503, FI-00101 Helsinki,

² Institute for Environmental Research and Sustainable Development, National Observatory of Athens, Greece.

³ Finnish Meteorological Institute, Kuopio Unit, P.O. Box 1627, FI-70211 Kuopio

⁴ Finnish Meteorological Institute, Arctic Research Centre, Tähteläntie 62, FI-99600 Sodankylä

5 Alfred-Wegener-Institut für Polar- und Meeresforschung in der

Helmholtzgemeinschaft, Postfach 120161, 27515 Bremerhaven, Germany

⁶ Institute for Meteorology and Climatology, University of Hannover, Herrenhaeuser Str. 2, 30419 Hannover, Germany

⁷ Meteo-France / Centre National de la Recherche Scientifique (CNRS), Toulouse, France

17:10 Hydrological and geochemical response of a polar glacier facing the recent climate changes (Austrelovenbre, Svalbard, 79°N)

Emerick DELANGLE¹, Christelle MARLIN¹, Madeleine GRISELIN², Eric BERNARD², Dominique LAFFLY³ & Jean-Michel FRIEDT⁴

¹ UMR-8148 IDES, Université Paris-Sud-CNRS, Orsay, France

² UMR-6049 ThéMA, CNRS, université de Franche-Comté, Besançon, France

³ UMR-5602 GEODE, Toulouse, France

⁴ UMR FEMTO, , CNRS, université de Franche-Comté, Besançon, France

Soirée festive / Evening Social Program

19:00-23:00

Banquet / conference banquet

lycée hôtelier René Auffray, 23 rue Pelloutier 92110 Clichy métro Mairie de Clichy

27 janvier / January 27

9:00 accueil / / opening of the premise

9:30 – 11:10 - Séance plénière 2 Perception des dynamiques/ Perceptions of Dynamics at work

(modérateur Christelle MARLIN, IDES, Univ Paris-Sud et CNRS, Orsay, France)

9:30 conférencier invité / guest speaker : Pr Julie CRUIKSHANK

départment d'anthropologie, University de British Columbia, Vancouver, Canada

Unreasonable Relationships in Disorderly Terrain: Certainties and Uncertainties

10:10 Seasonal snow cover dynamics and melting processes on a polar glacier

Florian TOLLE¹, Eric BERNARD¹, Jean-Michel FRIEDT², Dominique LAFFLY³, Christelle MARLIN⁴, Madeleine GRISELIN¹

- ¹ UMR-6049 ThéMA, CNRS, université de Franche-Comté, Besançon, France
- ² UMR FEMTO, , CNRS, université de Franche-Comté, Besançon, France
- ³ UMR-5602 GEODE, Toulouse, France
- ⁴ UMR-8148 IDES, Université Paris-Sud-CNRS, Orsay, France

10:30 Changes in recent snow-avalanche occurrence in Northern Iceland by compiling geomorphic and dendrochronologic evidence

Armelle DECAULNE¹, Þorsteinn SÆMUNDSSON², Ólafur EGGERTSSON³

- ¹ CNRS-Geolab, Clermont-Ferrand, France
- ² Natural Research Centre of NW Iceland, Sauðárkrókur, Iceland
- ³ Icelandic Forest Service, Mogilsá, Reykjavík, Iceland

10:50 Water in Mind: Exploring Narratives, Perceptions and Responses to Unprecedented Climate Change for Sakha of northeastern Siberia, Russia

Susan A. CRATE

Department of Environmental Science and Policy, George Mason University, Fairfax, Virginia, USA

11:10 - 11:40 Pause café / coffea break

11:40 - 13h00 - Séance plénière 3

Faune polaire: adaptation, représentation / Polar fauna: adaptation and representations

(modérateur Emmanuelle GAUTIER, Labo Geographie Physique, CNRS, Meudon, France)

11:40 Climate Change and Arctic Marine Mammals

Mads-Peter HEIDE-JØRGENSEN

Greenland Institute of Natural Resources, c/o Greenland Representation, Strandgade 91, 3, Postboks 2151, DK-1016 Copenhagen K, Denmark

12:00 Maîtres de la vie et de la mort, les *qupirruit* des Inuit de l'Arctique canadien / Masters of life and death, qupirruit among the Inuit in the Canadian Arctic

Frédéric LAUGRAND

Département d'anthropologie, Responsable du CIERA (Centre interuniversitaire d'études et de recherches autochtones), Université Laval, Québec, Canada

12:20 The Co-Management of Wabusk (Polar bear) in Northern Ontario: A Perspective from the Washaho Cree Nation at Fort Severn

Mat KAKEKASPAN, Tommy MILES, Harvey LEMELIN¹, Martha DOWLSEY, Brian WALMARK and Franz SIEBEL.

Research Chair in Parks and Protected Areas, Centre for Northern Studies, Lakehead University

12:40 La participation des peuples autochtones du Nord à la réflexion écologique et à l'élaboration de stratégies alternatives / The participation of Native People in the ecological debate and the elaboration of alternate strategies

Karen HOFFMANN-SCHICKEL et Éric NAVET CRESS, université de Strasbourg, France

13:00-14:00 déjeuner sur le lieu de la conférence / lunch on the conference site

14:00 16:00 - Séance plénière 4 / Plenary 4 Permafrost et environnement / Permafrost and environment

(modérateur Marie-Françoise ANDRÉ, Géolab, université de Clermont-Ferrand, France)

14:00 conférencier invité / guest speaker : **Pr Hugh FRENCH** géologue du périglaciaire, Université d'Ottawa, Canada

The cryosphere and the Polar Worlds

14:40 Hydrological and morphodynamic response of the Lena River to the hydro-climatic change

Emmanuèle GAUTIER¹, François COSTARD², Alexandre FEDOROV³, Daniel BRUNSTEIN¹, Pavel KONSTANTINOV³

¹ University Paris 8, CNRS UMR 8591 Laboratory of Physical Geography, Meudon France

² UMR IDES université Paris Sud Orsay, France

³ Melnikov Permafrost Institut, Siberian Branch Russian Academy of Science, Yakutsk, Republic of Sakha, Russia

15:00 Coevolution of man-environment and settlement of Yakutia Contribution of frozen tombs and paleogenetics

E. CRUBÉZY¹, A. ALEXEEV², M.-Th. MARTY¹, N. KIRIANOV², P. GERARD¹, O. MELNITCHUK², C. BOUAKAZE³, D. NIKOLAEVA¹, C. KEYSER³, V. POPOV², J.F. MAGNAVAL¹, N. NIKOLAEV⁴, B. LUDES³

AMIS-Toulouse (Anthropologie Moléculaire et Imagerie de Synthèse) FRE 2960 CNRS/Université Toulouse III/Université de Strasbourg I.

² Federal University of North-East (Siberia, Yakutsk) – Interdisciplinary Laboratory 'Evolution of Nature and Man of the North'

³ AMIS-Strasbourg (Anthropologie Moléculaire et Imagerie de Synthèse) FRE 2960 CNRS/Université Toulouse III/Université de Strasbourg I.

⁴ University of Krasnoyarsk - Interdepartmental Laboratory and Integrative Anthropolog

15:20 Climate change, permafrost thaw and lake-side debris flows at Eskimo Lakes, Tuktovaktuk Coastlands, Canada

Richard J. SOARE¹, François COSTARD², Gwénaël JOUANNIC²,

¹ Department of Geography, Dawson College, Montreal, Canada

² UMR IDES université Paris Sud Orsay, France

15:40 Modelling growing degree days in the Arctic: an example from Svalbard in the European Arctic

Daniel JOLY¹, Geir ARNESEN² and Lennart NILSEN²

¹ Université de Franche-Comté, Laboratoire THEMA, France

² University of Tromsø, Department of Biology, Norway

16:00-16:20 Pause café / coffee break

16h20 - 17h40 - Sessions parallèles 2 / Parallel sessions 2

2a – Art autochtone: collections de musées et formes contemporaines / Indigenous art: museum collections and contemporary forms

(Modérateur Claire ALIX, UMR 8096 Archéologie des Amériques, CNRS-University Paris 1, France)

16:20 Between Past and Present: The Archaeological Collections from the Unga Cave (Alaska) Allison McLAIN¹. Marie-Amélie SALABELLE².

¹ McLain Heritage Consulting, Anchorage, Alaska, 99522, USA

16:40 Les collections arctiques dans les collections nationales françaises : un patrimoine en cours de redécouverte / Arctic collections in the national French patrimonial : a cultural heritage being rediscovered

Gwénaële GUIGON

Enseignante à l'école du Louvre et chercheur-archiviste pour la société GRAHAL dans le cadre d'une mission sur les collections arctiques du musée du quai Branly (Groupe de Recherche Art Histoire Architecture et Littérature), Paris, France

17:00 Déplacements géographiques et imaginaires : l'exploration de nouveaux territoires par les artistes inuit contemporains / Mental and Physical Travels: the Exploration of New Territories by Contemporary Inuit Artists

Florence DUCHEMIN-PELLETIER

Université Paris Ouest Nanterre La Défense, France, (Histoire des Arts et Représentations / CERLOM, Inalco)

17:20 Tarsaq: l'ombre et la trace. Approche ethno-graphique des techniques de marquages corporels chez les Inuit de l'Arctique canadien / Tarsaq: shadow and trace. Ethno-graphical approach of body markings among the Canadian Arctic Inuit

Florence DUPRÉ ¹, Aurélie MAIRE ²

¹ PhD Student, Université Lumière Lyon 2, France et Université Laval, Québec, Canada),

2b – Permafrost et environnement periglaciaire / Permafrost and periglacial environment (Modérateur Florian TOLLE, ThéMA, Bsançon, France)

16:20 A proposed geophysical investigation of debris-flow origin at Eskimo Lakes,

Tuktoyaktuk Coastlands, Canada
Albane SAINTENOY¹, Richard J. SOARE², François COSTARD¹,

¹ CNRS/UPS UMR 8148 IDES, Orsay, France

16:40 Formation of thermokarst lakes in Arctic regions on Earth: application to thermokarstlike depressions on Mars

A. SÉJOURNÉ¹, F. COSTARD¹, R.J. SOARE², A. FEDOROV³, J. GARGANI¹, C. MARMO¹

¹ CNRS/UPS UMR 8148 IDES, Orsay, France

² Department of Geography, Dawson College, Montreal, Canada

17:00 Thermal contraction polygons on a glacial moraine at Axel Heiberg Island, northern Canada

Geoffrey PEARCE¹ and Richard J. SOARE²

¹Department of Earth Sciences, University of Western Ontario, London, Canada

2c - Tourisme polaire et parcs naturels / Polar Tourism and Natural Parks

(Modérateur Véronique ANTOMARCHI, CERLOM, Inalco, Paris)

16:20 The interest of landscape imagery in the creation of the Nunavik Tursujuq Park (Canada)

² Ph.D candidate, EHESS/Laboratoire d'Anthropologie Sociale, Paris, France

² PhD Student, INALCO, Paris, France et Université Laval Québec, Canada

² Department of Geography, Dawson College, Montreal, Canada

³ Melnikov Permafrost Institut, Siberian Branch Russian Academy of Science, Yakutsk, Republic of Sakha, Russia

² Department of Geography, Dawson College, Montreal, Canada

Fabienne JOLIET¹ and Adrien COUTANCEAU²

¹ University Lecturer in the Landcape Department of Agrocampus-Ouest (INHP), Scholarship by the Paul-Emile Victor French Polar Institute (IPEV), France

² Intern Student in the Landscape Laboratory of Agrocampus-Ouest

16:40 Collaborative Management Approaches to Transboundary Protected Areas in Northern Canada: Torngat Mountains National Park (Newfoundland and Labrador) and Quebec Parc national Kuururiuag (Quebec)

Gary BAIKIE, Judith ROWELL, Harvey LEMELIN¹, Pat MAHER, David LOUGH, Margaret JOHNSTON

Research Chair in Parks and Protected Areas, Centre for Northern Studies, Lakehead University

17:00 Between Tourism and Conservation: the National Park of Greenland

Daniela TOMMASINI

NORS- Roskilde University, Dk

2d – Sensibilité et adapation de la faune aux changements / Fauna: sensitivity and adaptation to changes

(Modérateur Vladimir RANDA, Paris, France)

16:20 Biochemical mechanisms of adaptation of *Mytilus edulis* from the White Sea to environmental factors

Nina NEMOVA, Olga MESHCHERYAKOVA, Natalia FOKINA, Zinaida NEFEDOVA, Lydmila LYSENKO, Elena KYAIVYARYAINEN, Igor BAKHMET

Institute of biology Karelian Research Centre RAS, Russian Federation, Karelia Republic

16:40 Seasonal and age-specific lipid profile of Calanus glacialis from the White Sea

Svetlana A. MURZINA¹, Daria MARTYNOVA², Nina NEMOVA¹, Zinaida NEFEDOVA¹

¹ Institute of biology Karelian Research Centre RAS, Russian Federation, Karelia Republic,

² Zoological Institute RASSt.-Petersburg, Russian Federation

17:00 The ecotoxicological risk in sub-Antarctic regions: PCBs and organochlorine pesticides contamination of trout from Kerguelen Islands (48° 35'S-49° 54'S and 68° 43'E-70° 35'E)

Hélène ROCHE¹, Wilfried SANCHEZ², Nicolas GIVAUDAN¹, Ali JAFFAL³, Antoine VERON⁴, Stéphane BETOULLE³, Edward BEALL⁵, Sylvie BIAGIANTI-RISBOURG³, Marc GIRONDOT¹

¹ UMR 8079 ESE CNRS- Université Paris-Sud, F-91405 Orsay, France

² INERIS unité d'écotoxicologie in vitro et in vivo, F-60550 Verneuil en Halatte, France

³ EA 2069, Laboratoire d'Eco-Toxicologie, Université de Reims, F-51687 Reims, France

⁴ Institut Polaire Français, F-29280 Plouzané cedex

⁵ UMR 1224 ECOBIOP – INRA-Université de Pau, F-64310 St-Pée-sur-Nivelle, France.

2e – Dynamique sédimentaire dans les environnements côtiers et lacustres / Coastal and lacustrine environments: sedimentary dynamics

(Modérateur Armelle DECAULNE Géolab, CNRS université de Clermont-Ferrand, France)

16:20 Glacial, fluvial, coastal and offshore cascading-system to assess deglaciation in a polar environment, a case study in the Kongsfjorden area, Svalbard

Agnes BALTZER¹, Denis MERCIER², Dominique LAFFLY³, Julien DELOFFRE⁴, Robert LAFITE⁴

¹ M2C-UMR 6143 Université de Caen, France

² Géolittomer - UMR 6554, Université de Nantes, France

³ Géode -UMR 5602, Université de Toulouse Le Mirail, France

⁴ M2C - UMR 6143, Université de Rouen, France

16:40 Contribution to North Atlantic climate history from Lake Igaliku, South Greenland

Charly MASSA¹, Vincent BICHET¹, Jacques GIRAUDEAU², Bianca PERREN¹, Émilie GAUTHIER¹, Christophe PETIT³ (3) and Hervé RICHARD¹

Laboratoire Chrono-Environnement, UMR CNRS 6249, Université de Franche-Comté, Besançon, France

² Département de Géologie et Océanographie, UMR CNRS 5805 EPOC, Université de Bordeaux 1, Talence, France

³ ARTeHIS, UMR 5594 Archéologie, cultures et sociétés, Université de Bourgogne, Dijon, France

17:00 Recent warming chronicled in the world's northernmost lake

Bianca PERREN¹, Alexander WOLFE², Svend FUNDER³, Colin COOKE²

¹ Laboratoire Chrono-Environnement, UMR CNRS 6249, Université de Franche-Comté, Besançon, France email address: bperren@univ-fcomte.fr

² Department of Earth and Atmospheric Sciences, University of Alberta, Edmonton, Alberta, Canada

³ The Natural History Museum of Denmark, University of Copenhagen, Denmark.

Evening Social Program

19:00-23:30 soirée vin-fromage en bateau-mouche au fil de la Seine / wine and cheese bateau-mouche down the river Seine

embarquement / boarding: 19:00 quai Javel André Citroën (10 minutes from CNRS)

28 janvier / January 28

9:00 accueil / opening of the premise

9:30 – 11:10 - Séance plénière 5 / Plenary 5 Peuples, politique, développement / Peoples, Politics and Development

(modérateur Michèle THERRIEN, CERLOM, INALCO, Paris, France)

9:30 conférencier invité / guest speaker: **Dr Rasmus Ole RASMUSSEN**

Senior Research Fellow, Nordregio (Nordic Centre for Spatial Development), Stockholm, Suède

Indigenous and local perspectives on Community development in a globalized North

10:10 Sustainability, Resilience, and the Redefinition of Natural Resources on the Bering Sea: Local and Regional Indigenous Politics in a Changing Global Economy

Katherine L. REEDY-MASCHNER, Herbert D. G. MASCHNER

 $Department\ of\ Anthropology\ and\ the\ Idaho\ Museum\ of\ Natural\ History,\ Idaho\ State\ University,\ USA$

10:30 Les activités de subsistance des Inuit du Nunavut (Arctique oriental canadien) face aux changements climatiques : enjeux et attitudes / Nunavut Inuit subsistence activities facing with climate changes: issues and attitudes

Vladimir RANDA

LACITO-CNRS/INALCO, Paris, France

10:50 Climate change among nomadic and settled Tungus of Siberia: Comparison of economic, social and religious consequences and research perspectives

Alexandra LAVRILLIER

Max Planck Research Group on Comparative Population Linguistics, MPI EVA, Leipzig, Germany

11:10 - 11:40 Pause café / coffea break

11:40 - 13h00 - Séance plénière 6 / Plenary 6

Coévolution sociétés et environnements / Society and Environments, coevolution

(modérateur Daniel JOLY, UMR ThéMA, CNRS, Besançon, France)

11:40 Wood at Work in Arctic Prehistory: Continuity and Change in Northwestern Alaska, AD 500-1500

Claire ALIX

Université de Paris 1 Panthéon Sorbonne / UMR 8096 Archéologie des Amériques, Paris, France

12:00 History and impacts of South Greenland farming activities: a new insight from lake deposits

Vincent BICHET¹, Charly MASSA¹, Émilie GAUTHIER¹, Bianca PERREN¹, Laurent MILLET¹, Christophe PETIT², Hervé RICHARD¹ and Boris VANNIERE¹

Laboratoire Chrono-Environnement, UMR CNRS 6249, Université de Franche-Comté,

- Besançon, France (vincent.bichet@univ-fcomte.fr)
- ² ARTeHIS, UMR 5594 Archéologie, cultures et sociétés, Université de Bourgogne, Dijon,
- 12:20 Climate change in a changing world: the Sami of Northern Sweden

Marie ROUÉ

CNRS, Département Hommes, Natures, Sociétés, MNHN, Paris, France

12:40 Inuvialuit Food Security in Comparative Historical Context

Vasiliki K. DOUGLAS, Laurie CHAN,

College of New Caledonia, Prince George, BC, Canada

13:00-14:00 déjeuner sur le lieu de la conférence / lunch on the conference site

14:00 15:20 - Séance plénière 7 / Plenary 7 **Devenirs / New ways**

(modérateur Béatrice COLLIGNON, UMR 8504 Géographie-cités CNRS-Universités Paris 1 et 7, France)

14:00 Community ties and Evangelical Christianity in the Bering Strait Region

Virginie VATÉ

GSRL, CNRS UMR 8582, Paris, France

14:20 De la coopérative au marché. Vers une transformation de l'économie des communautés inuit du Canada / From Cooperatives to the Market: Towards a Transformation of the Economy of Inuit Communities in Canada

Thibault MARTIN

Université du Ouébec en Outaouais, Canada

14:40 Development of Human Activities in Antarctica Peninsula: A Focus on the Vernadsky area

A. FEDCHUK

National Antarctic Scientific Centre, Ukraine

15:00 Projet NUNAGA: "Discours inuit sur les liens entre territoire, art graphique et gouvernance"/ NUNAGA Project: "Inuit discourses on connections between landscape, graphic art and governance"

Aurélie MAIRE et Carole CANCEL

Institut National des Langues et Civilisations Orientales, Paris (France) ; Université Laval, Québec (Canada)

15:20 Art contemporain, recherches polaires: experiences / Contemporary Art, Polar **Research: Experiences**

F. VINCENT-FERIA¹, E. FERIA²

¹ Université Rennes 2, France

²Université Paris 8, France

15:40 – 16:00 Pause café / coffee break

16:00 - 17:15 - Séance plénière 8 / Plenary 8

16:00 –16:30 Posters / Posters session

• Transsibérien et lac Baïkal : quel passé et quel avenir pour ce couple mythique ?

Morgane MAZERON

Université Paris 8, Paris France

• Environment, economy, and community of Upper Angara and Middle Enisey regions: impact of climate change and of water reservoir cascades on Angara and Enisey rivers

Sergei GORSHKOV¹, Olga MOCHALOVA², Laurent TOUCHART³, Larisa EVSEEVA¹, Jean-Louis BALLAIS⁴, Yves SIMONE⁵

¹ Moscow State University, ² Centre of ecologic initiatives, ³ Orléans University, ⁴ Université de Provence, ⁵ Sud Toulon-Var University,

• Aboriginal Tourism in Northern Canada: The Cree Village Ecolodge, A Case Study

Randy KAPASHESIT, Harvey LEMELIN¹, and Greg WILLIAMS

Research Chair in Parks and Protected Areas, Centre for Northern Studies, Lakehead University

• Protecting Traditional Aboriginal Rights and The Environment: The Proposed Creation of Thaidene Nene in the NWT of Canada

Stephen ELLIS, Gloria ENZOE, Harvey LEMELIN¹, and Nathan BENNETT

¹ Research Chair in Parks and Protected Areas, Centre for Northern Studies, Lakehead
University

• Empowerment evaluation amongst social workers in Greenland

Steven ARNFJORD and Christina W. SCHNOHR

Ilisimatusarfik - University of Greenland, Nuuk, Greenland

Climate change, wave action and pingo degradation in the Tuktoyaktuk Coastlands, Canada

Richard J. SOARE¹, Geoffrey PEARCE², Antoine SEJOURNE³, Laure DUPEYRAT³

¹Department of Geography, Dawson College, Montreal, Canada

² Department of Earth Sciences, University of Western Ontario, London, Canada

³ IDES, Université Paris-Sud 11, Orsay, France

• Geomorphic study of debris flows in context of global warming

G. JOUANNIC^{1, 2}, J. GARGANI¹, F. COSTARD¹, V. JOMELLI³, G. G. ORI²

¹ IDES, Université Paris-Sud 11; CNRS/INSU UMR 8148, Orsay, France,

² International Research School of Planetary Sciences, Universit^ "G. d'Annunzio", Pescara, Italy.

³ LGP-CNRS, UMR 8591, Meudon, France

• Understanding the thawing of permafrost: physical modeling approach

B. HURAULT, J.-L. LAGARDE et M. FONT

Laboratoire M2C, Université de Caen-Basse Normandie, UMR CNRS/INSU 6143, Caen, France

• Erosion-Thermokarst Processes on Southwestern Coast of Yamal Peninsula, Kara Sea, Russia E. GARANKINA

Lomonosov Moscow State University, Faculty of Geography, Russia

16:30 -17:15 - Synthèse et clôture / Final Synthesis

sous la direction de Guy BORDIN¹ et Denis MERCIER²,

¹ CERLOM INALCO, Paris, France, ² UMR 6554 Géolittomer, CNRS-Université de Nantes, France

avec la participation de
